

QUALITY POLICY STATEMENT

OUR MISSION

TO LEAD THE MARKET ON BUSINESS CRITICAL, COMPLEX ENGINEERING PROJECTS

At Hinko Construction it starts with an inventive attitude, a desire to deliver the unknown, the difficult, the extraordinary. It's what differentiates us from the rest.

As an independent, family owned multidisciplinary engineering businesses we're able to innovate, challenge and perform working closely with our clients to deliver high quality outcomes, every time.

We design and build large unique engineering projects in the transport, infrastructure and energy sectors. We think differently and we're always looking for new ways to come up with original engineering solutions for our clients.

Our approach is what makes us special.

STRATEGIC PRIORITIES

NEW
MARKETS

IN ORDER TO MEET OUR STRATEGIC PRIORITIES WE ARE COMMITTED TO OUR VALUES

THINK EXTRAORDINARY

- Continually seek opportunities to enhance our customer satisfaction, continual improvement and evolve with our markets
- We aim to be the first in our field by delivering different approaches to engineering solutions

THINK ENGINEERING

- We originate new and innovative ways of solving engineering challenges
- We approach every project with depth, innovation and thought
- We never compromise on quality or safety

THINK PERFORMANCE

- We have the pace and energy to solve business critical challenges and deliver the best engineering solutions
- We inspire our people to achieve and progress to be the best

THINK TOGETHER

- Complying with all relevant legislation, external standards, customers and other requirements
- The happiness, well-being and safety of our people, customers and communities is number one
- We work as one with our clients, we're approachable, honest and easy to deal with
